Incredible Frying Machine™ **FRYERS**

Keating has combined innovation and simplicity with the most efficient technological breakthrough to bring you a line of frying systems so advanced that it can only be called:

KEATING'S INCREDIBLE FRYING MACHINE (MODEL IFM)

- Lowers energy costs by up to 40%
(Documented independent studies show an annual operating cost of only \$164.00 for 14IFM)
- Dual spark gas ignition control
- Low NO_x burner technology
- Easy one button on/off operation
- Digital Timer
- Dramatically cuts the expense of fat
- Largest cold zone
- Instant-On™ immediate thermostat response

STANDARD ACCESSORIES

One pair 4 mesh baskets, grid screen over heat transfer tubes, drain clean out rod and sample of Keating Klenzer

Casters Optional

DISCONTINUED

- For 20 Models, see page 8

Instant Recovery® is our trademark

The most important feature of any fryer is recovery time, and Keating's INSTANT RECOVERY® trademark means that every Keating fryer recovers its temperature before the end of the cooking cycle. The patented system of high input burners and large heat transfer surfaces assures quality foods every time.

MODEL AA (Gas Only)

- Available in gas only
- On-Off Switch
- Millivolt system
- Stainless Steel thermostat
- No electric connections required (except for batteries with filters)

MODEL BB

- Power-On Switch
- Power-On Indicating Light
- Built-in Melt Cycle
- Dual contactors (Electric)
- Stainless Steel thermostat
- Spark Ignition (Gas)

MODEL TS

- Power Switch
- Pilot-on Indicating Light (Gas)
- Built-in Melt Cycle
- Ready to Cook light
- Over Max Temp safety light
- Two digital solid state timers
- Dual contactors (Electric)
- Stainless Steel thermostat
- Spark Ignition (Gas)

Use less BTU's

Our atmospheric fryers have been redesigned to use less BTU's and still have the same performance levels. Why did we do this? To save our customers \$\$ in gas consumption.

STANDARD FEATURES:

- Stainless Steel vessel and cabinet
- Stainless Steel heat transfer tubes or heating elements
- Stainless Steel thermostat
- Spark Ignition (BB and TS Gas Models)
- Extra large Cold Zone
- Stainless Steel High Limit control
- One pair of baskets
- Grid Screen over tubes
- Temperature control system $\pm 2^\circ\text{F}$
- 3/4" gas connection on single fryers
- Safety pilot shut-off
- Full port front drain valve
- Drain clean-out rod
- Legs with adjustable feet
- 35" working height on floor models
- Sample of Keating Klenzer

Save on oil

Keating Instant Recovery® fryers are designed to fry at lower temperatures, between **325°F** and **335°F**, reducing oil breakdown. They are the only fryers built with a #7 highly polished stainless steel vessel and a true cold zone which captures and holds frying crumbs/debris. These features plus our filtering systems extend the life of your fat up to 30%.

OPTIONS:

- Fryers battered at no additional charge
- Common gas manifold for batteries at no additional charge
- Cooking computer
- Basket-Lift on 14 TS thru 24 TS fryers
- Stainless Steel drainboards on fryer batteries (Call for pricing)
- Filter choices: Central, Portable, Safe & Easy® Under Fryer
- 2" extra large drain valve on 18" or larger fryers, single units only (see pages 7 - 9)
- Front extensions to match larger fryers (Call for pricing)
- Manufactured gas models
- Polyurethane casters with brakes
- Security package
- 480 voltage available
- Single Phase Models available
- Drain Extension

Counter Models **FRYERS**

For kitchens with space limitations, the Keating Instant Recovery® Counter Model is the perfect solution. The counter model has the same energy input and production capacity as its floor model counterparts.

CAPACITIES/PER HOUR

Model 10x11 CM:
40 lbs. of frozen french fries

Model 14 CM:
48 lbs. of fresh hand cut french fries
72 lbs. of frozen french fries
75 lbs. of chicken

STANDARD ACCESSORIES

One pair 4 mesh baskets, grid screen over heat transfer tubes, drain clean out rod, 1" x 11-1/2" drain extension and sample of Keating Klenzer

Keating Klenzer & Sea Powder

Keating Klenzer

The finest dry stainless steel polish gives dingy, dull stainless steel a dazzling new luster! Keating Klenzer is the only cleaner that lasts longer, cleans better and leaves no sticky residue, unlike other liquid products.

Stainless steel owes its sheen to fine light-reflecting scratches. When these become filled with grease, soap, dust or other particles, stainless steel loses its natural sparkle. Keating Klenzer reaches deep into these fine grooves and lifts out dulling dirt, restoring the original sparkling gleaming finish.

Sea Powder

Cleans deep fryers when used with boiling water and softens carbonized grease for easy removal. If used weekly, your Keating fryer will be in perfect condition for years. Daily cleaning is even better. No caustic ingredients. Excellent for cleaning greasy floors, exhaust hoods and walls.

KEATING KLENZER

038261, Keating Klenzer Case of 12, 14 oz. cans, 13 lbs.	\$57.85
------------------------------------------------------------------	---------

SEA POWDER

Sea Powder, Case of 4, 8 lb. jars, 34 lbs. per case	
000394 (1-5 cases)	\$186.25
000395 (6+ cases)	\$158.95

DESIGN YOUR OWN CUSTOM WORKSTATION

Custom workstation shown with a 14 TS Counter Model Instant Recovery® Fryer, 48" Miracleclean® Griddle and a MG2 Hotplate on a stand with casters.

DESIGN YOUR COMBINATION WITHOUT WORRYING ABOUT FIT

Ideal for the single operator or satellite locations, the Keating Custom Line Up is a complete cooking station on one stand. Each station is designed to be versatile and efficient to allow you to prepare a full menu of items in one centralized location. Everything from Miracleclean® Griddles and Custom Pasta Systems to Bain Maries and cutting boards are available. And because you can choose the combination needed you won't have to worry about fit and finishes of different brands.

Some popular Keating Custom Line Ups include: Bain Maries, Hot Plates, Custom Pasta™ Systems, Counter Model Instant Recovery® Fryer, Miracleclean® Griddles and Top-Side™ Cookers.

Let Keating Help You Choose the Right Equipment for Your Needs

With so many sizes and options available, Keating can help you choose the right equipment for your needs, or we can customize your Miracleclean Griddle® or Instant Recovery® Fryer system.

Two 14 TS Fryers each with the Basket-Lift option, optional casters and a Safe & Easy® Under Fryer Filter.

MIRACLEAN®

The Miraclean® Griddle is the world's new standard. It is the most versatile cool (no radiant heat) and easy-to-clean griddle ever made. It combines the Miraclean® patented plate finish with fast cooking, less food shrinkage (superior heat transfer) and cleaning ease. Savings of energy, cooking time, clean up labor and clean up time are yours with this trivalent chrome plated griddle.

Trivalent Chromium surface - foods cook faster at a lower temperature

- #1 In Customer Satisfaction
- Reduces energy use by up to 32%
- Cooler Kitchen
- Easy Clean Up
- No Flavor Transfer
- Over 300 Model Variations
- Foods Cook Faster with Less Shrinkage

36" x 30" Griddle shown with Optional Stand with Casters and Streaked Section

STANDARD FEATURES

- Easy clean up
- Miraclean® surface reduces heat loss, assures even heat distribution throughout cooking area
- Trivalent chromium surface on high carbon 3/4" steel plate
- 208-240V three phase input on electric griddles
- 100% safety pilot shut-off
- Stainless Steel cabinet
- 2" front trough, 3" left side trough
- Stainless Steel grease drawer with handle
- 4 1/2" high back splash

OPTIONS

- Additional thermostats for gas models
- High input electric elements
- 480 voltage on electric models
- Trough options: 3" right side with 2" front
- Cutting board options: Richlite, Stainless Steel
- Plate shelf
- Belly bar
- Drop-in Griddles
- Streaker Griddles - Groove is 5/16" wide, 1 or 2 streaks per inch
- Security package
- Adjustable Stainless Steel Legs
- Stainless Steel stand with shelf and casters
- Top-Side™ Cooker attachment (auto & manual)
- Available in 24", 30" and 36" depth sizes

STANDARD ACCESSORIES

Keating Scraper and blades, Hamburger Spatula, Egg Turner Spatula, Palmetto Brush and Keating Klenzer

NOTE:

Keating can customize any size not shown if previously manufactured. Please call **1-800-KEATING** for quotes. Please have serial # of existing unit.

ACCESSORIES:

002416, Connecting Strip 30" deep griddle (no charge with griddle)	\$68.65

GRIDDLES Electric

MIRACLEAN®

The Miraclean® Griddle is the world's new standard. It is the most versatile cool (no radiant heat) and easy-to-clean griddle ever made. It combines the Miraclean® patented plate finish with fast cooking, less food shrinkage (superior heat transfer) and cleaning ease. Savings of energy, cooking time, clean up labor and clean up time are yours with this trivalent chrome plated griddle.

36" x 30" griddle shown with optional stand with casters.

STANDARD ACCESSORIES

Keating Scraper and blades, Hamburger Spatula, Egg Turner Spatula, Palmetto Brush and Keating Klenzer

GRIDDLES Accessories

Top-Side™ Cooker

- Factory installed onto 30" deep griddles with 24" deep plate only

Surface area is 10 1/2" x 20", large enough to cook 8 quarter pound hamburgers. Micro Leveler manual height adjustment up to 1-1/2" above griddle plate. Manual lift is standard and Auto Lift option is available.

STANDARD FEATURES

- Trivalent chromium surface on high carbon 3/8" steel plate
- Stainless Steel finish
- Remote control box for each head
- Micro Leveler full head adjustment

OPTIONS

- Manual Lift Heads
- Auto Lift Heads
- Streaked surface
- Extra Cooking Sheets

Cook both sides of an item simultaneously - the Top-Side™ Cooker will cut your cooking time by up to 60%. Keating's Top-Side™ Cooker is designed to provide the best in speed and consistency that two-sided cooking offers. Ideal for high volume or limited kitchen space operations that require large quantities of food products to be cooked fast without sacrificing product quality, perfect for quick service restaurants and in fast-casual environments.

A free standing remote control box is included for each Top-Side™ Cooker Head. Easy to use, it includes an On/Off switch, "Element On" indicating light and an adjusting knob to select the desired temperature.

Each Auto Lift Top-Side™ Cooking Head requires a separate 120V power supply.

Top-Side™ Cooker(s) requires Mounting Assembly which will add depth to rear of griddle. Auto Lift Top-Side™ will add 6" depth to griddle and Manual Lift will add 4-3/4". Top-Side™ Cooker is usually positioned over element/thermostat of griddle. Depending on location, additional thermostats may be required on gas griddles. Call **1-800-KEATING** for assistance.

Only written purchase orders will be accepted. Telephone orders must be confirmed in writing. All purchase orders must contain the following information:

- Dealer name with complete billing address and telephone number
- Purchase order number
- Ship to address and telephone number
- Mark for customer information
- Model number, description and price
- Requested ship date and carrier

PLEASE NOTE:

- This equipment must be professionally installed and started to begin the one year warranty period.
- Equipment may **not** be sold for household use; warranties and liability will be considered void.
- Compliance with local codes is the responsibility of purchaser and installer.
- Purchase orders must specify if equipment will be used in mobile applications.
- All orders accepted subject to government regulations and conditions beyond manufacturer's control.
- Custom orders require customer approval of Keating drawings.
- As Keating is constantly involved in improving our equipment, specifications and prices may be changed without notice.
- Please note that unless listed otherwise, options are available at an additional charge.

PRICES EFFECTIVE JANUARY 1, 2019 TO FEBRUARY 28, 2021

- Prices are in US Dollars.
- Prices subject to change without notice.
- Terms: Net 30 days with approved credit.
- Special orders and Teppanyaki griddle orders, 50% deposit and customer approval of Keating drawing are required prior to release for production. Invoice must be paid in full prior to shipment.
- Price applies to all goods ordered for immediate shipment. Call for price quotation on future deliveries.
- Individual accessories which are omitted from equipment orders are deducted at 60% of the list price of the accessory. The list price of an accessory includes the cost of handling, packaging, etc. as individual orders — this is the reason for the differential deduction.

PRICES F.O.B. FACTORY

DELIVERY TIME

- In-stock orders will be shipped immediately. Allow 2-4 weeks for out-of-stock orders.
- Schedule dates will be acknowledged by the factory.

FREIGHT

- Shipped Class 85. NOTE: Ship weights are for single units without optional accessories. Actual weights will vary depending on customizing and accessories. In addition, shipping charges are subject to weight minimums by the carrier.
- All shipments via common carrier will ship collect or 3rd Party. **No pre-pay and add. No free freight.**
- Contact your carrier for freight quotations.

• **All returns must have a Return Merchandise Authorization number in order to be processed.**

• **No returns will be accepted without a Return Merchandise Authorization.**

Contact our **Customer Service department at 1-800-KEATING** for a Return Merchandise Authorization number and shipping instructions.

- Return Merchandise Authorization numbers are **valid for 30 days**.
- Unless an item is defective, all returns must be shipped prepaid within 30 days from date of the Return Merchandise Authorization number, in **new, unused condition** and are subject to inspection for damage or misuse prior to issuance of a credit or refund.
- Returns that are not the result of manufacturer error may be subject to a **20% restocking charge** to be determined at the time of return.
- Returned items **must** be new in original crate.
- Shipped drop-in equipment and Teppanyaki griddles are **not** returnable.
- Custom manufactured, special orders and used items are **not** returnable.
- Custom equipment is **not** cancellable.
- Absolutely no returns of equipment more than 1 year after original shipment.
- **Unauthorized returns will not be credited. Replacement items will be charged to you if defective item is not returned.**

• The carrier who delivers merchandise to your door is responsible for loss and damages. Acceptance of the shipment by the transportation company is acknowledgement that the articles delivered (or picked up) by them were in good condition and properly packed.

VERY IMPORTANT: Before signing the delivery receipt, inspect for any shortage or damage and note the nature and extent of the shortage or damage on the freight bill. If concealed damage or noted damage has occurred, save the shipping cartons and packaging. You must request an inspection by the carrier immediately and file a claim after inspection to rectify damages to your product. You may confirm claim damages by certified mail with return receipt requested within 15 days.

Please do not return damaged items as they cannot be accepted without a Merchandise Return Authorization Tag.

Keating of Chicago is a fourth-generation family-owned manufacturer of commercial kitchen cooking equipment. Since our founding in 1931, we continue to strive to bring you equipment designed to exceed your expectations. All of our products are proudly designed and built in the USA. Many of our most popular items are currently in stock and ready for immediate shipment, and we are always ready to build a unit to fit your unique requirements.

Visit our comprehensive website to find specification sheets, manuals, literature, product information and much more:

keatingofchicago.com

Keating equipment is available in Revit from Kochman Consultants Ltd. (KCL), and AutoQuotes.

Benefits of using Revit:

- 3-dimensional drawings offer more collaboration between designer and operator
- easier to view the project and create a more functional space
- ability to correct issues or problems early-on in the design phase
- accurate cost information

Visit the "Links" page on our website to access their sites.

Keating equipment is ETL and NSF Approved where applicable.

Keating is a contractor on gsaadvantage.gov
