The Miraclean® Griddle is part of a new concept restaurant with 2 locations in MI! Brome Modern Eatery, serving healthier, affordable burgers and more.

Featured in an article in the Detroit Free Press, Brome Modern Eatery is a fast-casual restaurant with locations in Dearborn and Detroit, MI, serving never-frozen organic and all-natural premium beef, non-GMO house-cut fries, fresh salads and more in airy dining rooms featuring sustainable materials and living walls of green plants. The beef, produce and grains are locally sourced, using beef and chicken raised by Amish farmers without antibiotics and additives.

Keating is excited to be a part of Brome’s new creative concept, cooking their healthier burgers on our Miraclean® Natural Gas Griddles, and appreciates the hard work and effort of **Jim Schulte** and **Food Tech Group**, our representative in lower MI.

Very Truly,

Eliza Keating
