A new electric Miraclean® Griddle for the Dairy Queen in Mineola, Texas!

From its roots in Joliet, IL in 1940, Dairy Queen is one of the largest fast food systems in the world with more than 5,900 restaurants in the US, Canada and 30 foreign countries.

DQ is considered an institution in Texas with more restaurants than in any other part of the country (over 600).

Famous for their soft serve ice cream cones, sundaes and Blizzards, Texas also has their very own menu offerings, including tacos, nachos, taco salad, a chick'n fried steak sandwich and a Steak Finger Country Basket with "the best cream gravy anywhere". There are variety of burger choices plus a patty melt or a BLT, on, of course, Texas toast.

Many thanks to our representative in Texas,
Bill Dickie Enterprises.
