Unit shown with optional 12 x 20 pan and french fry holder.

Keating's Salting / Bagging Station features a convenient preparation area as well as a heated holding and display station. The durable design and Stainless Steel construction allows you to easily serve a wide variety of foods such as french fries, chicken, fish and many more items. The Salting / Bagging Station features Keating Keep Krisps® to keep foods hot and fresh prior to serving. Also available with a flat top, the Salting / Bagging Station gives you more flexibility during your prep time.

Keep Krisp® Food Warmers

The 30" Salting / Bagging Station comes complete with four Keep Krisp® bulbs for 1000 watts of heating, perfect for keeping foods hot, crisp and fresh. The larger 36" Station is equipped with six Keep Krisp® bulbs.

Mirrored back wall

To keep a clean and appetizing appearance for your customers, the Salting / Bagging Station is built with highly polished stainless steel and has a mirrored backwall for added shine and lustre.

Large dump pan

A large 15" x 20" perforated dump area.

Convenient storage area

Two shelves located below the unit give extra storage room to stack bags, tongs, salt shakers, and other supplies.

As continuous product improvement occurs, specifications may be changed without notice.
