INSTRUCTIONS FOR REPLACING TOP-SIDE™ COOKER LIFTING SYSTEM

If manufactured after March 1999

(Gas Griddle) Part No. 034377 & (Electric Griddle) Part No. 034376

What's included in your package?

- A. New lift arm
- B. Spring support
- C. Gas spring housing
- D. Gas spring
- All mounting hardware

Installation Instructions:

1. Take off the Top-Side head from the lifting arm by pulling out the pin connecting them.
2. Replace old lifting system with the new one.

NOTE: The new lifting system mounting holes mate with the holes in the rear of the griddle cabinet.

3. Connect the Top-Side head to the lift arm by reinserting the pin.
