TIMER RESET INSTRUCTIONS

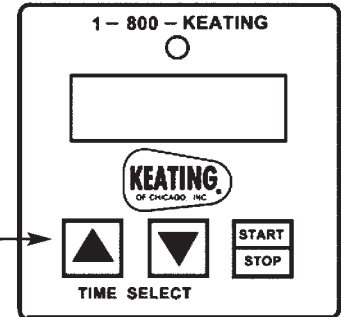

These instructions can be found in your Keating Manual

This procedure resets the timer to operate in Minutes:Seconds.

STEP 1

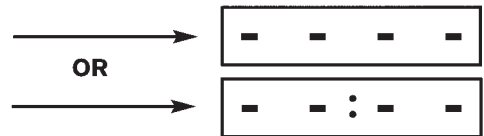

Make certain power to the timer has been OFF for at least 30 seconds. Then PRESS and hold the UP arrow button

while turning the rocker power switch to the ON position.
NOTE: If power switch does not turn off timers, the unit must be unplugged (2 people maybe needed).

The timer will turn ON and the display will now be indicating

The BEEPER will BEEP 4 times.

If STEP 1 was OK, proceed to STEP 2.
If not, retry STEP 1 making sure the power was OFF for at least 30 seconds or more.

STEP 2

Press all 3 buttons in sequence: left-center-right. The beeper will beep when each button is pressed. If beeper does not beep, the timer is defective. STOP TESTING.

Reset procedure is completed when 1:00 appears on the digital display.
